Dear Zac,

How are you? I am back in Australia with my family now. Do you remember the funny Australian English phrase "g'die"? It refers to "31" just like "hello" in American English. Also, I found another "32" of Australian English. Yesterday, I went to a store to "33" some candy for Halloween. I asked the clerk, "Where is the Halloween candy?", and she said, "The Halloween lolly is in the last aisle." I thought that was odd! I wanted to use the restroom, but I couldn't find any signs for "restroom." I only saw a sign for "dunny." I asked someone, and he told me "dunny" refers to "34." Australian English is really "35." I'm learning so much here. I can't wait to see you at school soon.
